

Certificate

The BITMi quality seal "SOFTWARE MADE IN GERMANY" recognizes software that has been developed in Germany. A manufacturer holding this quality seal has provided the relevant evidence for the software products it has developed as well as for the company itself.

Therefore, the company

signotec GmbH

is certified for the product

signoSign/Universal.

First issued on: 01.11.2020

Valid until: 31.12.2026

Dr. Oliver Grün
President and Chairman of the Board of the
German Federal Association of ICT (BITMi)

Aachen, 01.01.2026
